
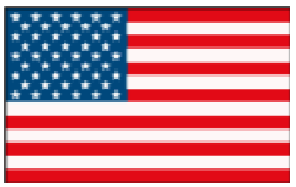
END ILLEGAL IMMIGRATION

"….Support and defend the Constitution of the United States of America…." – *the Oath of Office*



WE, THE CITIZENS OF SOUTH CAROLINA, recognize that a serious problem exists in the form of "undocumented aliens" who have crossed the border into the United States illegally. We charge that the U.S. federal government and both major political parties have aided this illegal entry for at least 25 years by "failing" to allocate enough manpower to police the border, making it easy for illegal aliens and terrorists alike to simply walk in – even since Sept. 11, 2001. Further, we recognize that the flooding of the American labor market with cheap, illegal, surplus laborers is destroying the wage scale of American workers and their ability to find work that offers an adequate wage.

Illegal aliens impose a financial strain upon our state's social services and taxpayer-financed education. Many of them drive our highways without driver's licenses or car insurance and when caught are released instead of being held and deported. We recognize the connection between illegal aliens and the transport of illegal drugs into our state and nation which involves gangs, violence and murder. WE THEREFORE DIRECT THIS PETITION TO OUR REPRESENTATIVES in the U.S. Senate and House, Governor Mark Sanford, and members of the SC General Assembly and federal immigration bureaucracy who have all taken the oath to "support and defend the United States of America," to enforce existing law and enact laws which require local and state police to work with the U.S. Border Patrol and immigration authorities to apprehend, arrest, detain, and deport all illegal aliens found within the political borders of the State of South Carolina without delay. We oppose all "guest worker" programs; these are nothing but a cover for lawbreaking by aliens who will never be compelled to leave the country. This "immigration" invasion is permanently altering our American culture and way of life. We oppose it and exercise our Constitutional right to petition "our" government to act on our behalf to preserve the American nation and the heritage of our forefathers. Politicians: America has a right to exist and survive and we admonish you to fulfill your OATH OF OFFICE to SUPPORT AND DEFEND IT.
